

ATV SAFETY TIPS

To reduce injuries and possible deaths related to ATVs, the Consumer Product Safety Commission recommends that operators:

- Never operate an ATV without proper instruction. Take a training course.
- Never operate an ATV without an approved motorcycle helmet, eye protection, boots, gloves, long pants and a long-sleeved shirt or jacket.
- Never allow anyone under 16 years old to operate an ATV without adult supervision.
- Never operate an ATV at excessive speeds. Go at a speed which is proper for the terrain, visibility conditions and your experience.
- Never carry a passenger on an ATV. Carrying a passenger may upset the balance of the ATV and cause it to go out of control.

So, before you head out on your next enjoyable ride on your ATV, be mindful of these rules and think **SAFETY FIRST!**
